# BACK UP SUPPORT

PT. Mandiri Trans Utama, Mandiri Group have main workshop located in Bekasi which comply to truck manufacture specification. Parts depo and workshop are also available in Duri (Riau Province) and in Balikpapan.

We consider communication is very important, we have to be able to locate every single truck position in a time. To ensure this is done we use “Global Positioning System“, a system which tracking vehicle position.

Service car is always standby, they will immediately leave for location when emergency call received.

We have well trained mechanics available 24 hours including tools and parts.

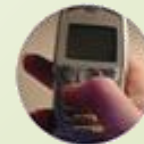

# MTU Tracking ( IVMS )

Monitoring truck position anytime anywhere within Indonesia . Real time or in the past (History)

Monitoring vehicle speed to avoid overspeed

Analyze driver's behaviour while driving
